Safety Precautions

! WARNING

May cause serious injury or death

Children must not use it alone.

- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

Setting the Child Lock. (P. 28)

May cause fire or electric shock

In case of failure or damaged power cord, stop use and ask the electrical technician.

Accumulated dust may cause fire.

Securely insert the ground prong. Ask the electrical technician for a new socket, periodically.

Wipe the power plug

Use a socket appropriate for this appliance.

 The plug shape, socket shape and rating requirement vary with the region.

Keep away from flammable materials.

May cause failure

Do not disassemble, repair or modify it by yourself.

Safety Precautions (continued)

WARNING

May cause fire (For safety use of the dryer)

Do not dry items soiled with flammable materials.

 Items that have been soiled with substances such as cooking oil, acetone, alcohol, petrol, kerosene, spot removers, turpentine, waxes, wax removers and cosmetic oils must not be dried in the appliance even after having been washed.

Empty all pockets.

 Make sure that no objects are left in any of the pockets. Pay particular attention to cigarette lighters and matches. They may cause fire.

Do not dry items made of rubber, etc.

- Items such as foam rubber (latex foam), shower caps, waterproof textiles, airtight fabrics, rubber backed articles and clothes or pillows fitted with foam rubber pads should not be dried in the appliance. Such materials may be destroyed and thereby damage the appliance.
- Do not dry unwashed items in the appliance.

The lint must not be allowed to accumulate around the appliance.

Observe the following.

- Never stop the appliance before the end of the drying cycle unless all items are quickly removed and spread out so that the heat is dissipated.
- The appliance is not to be used if industrial chemicals have been used for cleaning.
- The appliance must not be supplied through an external switching device, such as a timer, or connected to a circuit that is regularly switched on and off by a utility.

CAUTION

May cause water leakage

Turn off the water faucet. Use new hose-sets. New hose-sets supplied with the appliance are to be used and old hose-sets should not be reused.

May cause injury

■ For maximum mass of dry cloth and pressure of tap water, see P. 48.

Safety Precautions (continued)

CAUTION

May cause failure

Keep away from heat and direct sunlight.

Do not obstruct.

Do not obstruct the openings of the bottom face with carpet, etc.

Remove shipping bolts before operation.

Do not use hot water.

For machine-washable items only.

 This appliance is intended to be used in household.

This appliance is not intended to be used in applications such as:

- staff kitchen areas in shops, offices and other working environments:
- farm houses:
- by clients in hotels, motels and other residential type environments:
- bed and breakfast type environments;
- areas for communal use in blocks of flats or in launderettes

Do not wash excessively oily Follow the instructions. clothes.

 Fabric softeners, or similar products, should be used as specified by the fabric softener instructions.

Checking Your Appliance

Part names

Accessories

 \square Hose hanger (1) (P. 46)

☐ Water supply hose (1) (P. 45, 46)

☐ Cover cap (4) (P. 44)

☐ Bottom cover (1) / Screw (1) (P. 43)

Before Washing

Preparing laundry

Before put clothes in drum

Remove foreign objects.

Use laundry nets for delicates and small items.

Pre-laundry check

Clothes likely to pill

Pretreat for heavy stains.

Observe care labels.

NOTE

• "Stain Master+" programs (P. 16, 17) are recommended for removing stains.

Cannot wash or dry

Cannot wash or dry

Leather / fur

Silk, rayon and cupro (Blended fabric)

Commercially available washing aids

Cap with hard core materials

Cushion, Pillow, etc.

Urethane / rubber backed or thick mats

Paper diapers

Others ...

- Wrinkled and embossed articles
- Crepe fabric
- Deformable clothing (blazers, ties, dresses, etc.)
- Velvet

Cannot dry

Any of the above marks

Woollen clothing

Tights or pantyhose

Mats and other items with hair of pets attached

Quilts

Starched clothing

Clothing with laces or embroidery, new synthetic fibres, etc.

NOTE

 May cause clothing deformation, damage and harm or malfunction to the appliance.

Control Panel

Control buttons

Touch operation

 If water, detergent or softener gets on, turn off and wipe off with a towel etc. immediately. (Cause of malfunction)

NOTE

- Turn off ⇒ back on

 No operation ⇒ auto power off

 (Not pressed ►□) Auto
 Power off

 10 min.
- In case of a power failure
 - When the power recovers, operation resumes from where it stopped. (Auto Restart)

Detergent

Follow the instructions on each package.

Detergent

Use a low foam detergent.

 To prevent powder detergent from remaining in the detergent drawer:

Fabric softener

Separated or solidified softeners

Washing & Drying

Basic Method

NOTE

■ Do not let laundry get caught in the door.

■ Do not overfill the drum with laundry.

- To open the door during operation
- During washing (You can add clothes when lit.)

During drying

(NOTE)

Door does not open

(P. 35)

NOTE)

For normally soiled laundry at the rated capacity, we recommend using the "Cotton, 60 °C, 1400 r/min" which is tested in accordance with IEC 60456 for the energy and water efficiency aspects.

Actual water temperature may differ from the declared cycle temperature.

These results depend on water pressure, water hardness, water inlet temperature, room temperature, type and amount of load, degree of soiling, utilized detergent, fluctuations in the main electricity supply and chosen additional options.
